CHIODINO Bollard h. 1600 mm - 1 LED 3000K diffuse

Product features

Aluminium rod and head, the product is painted following a continuous two step paint process (epoxy-based primer + polyester-based colour finish), which allows to generate a single thick protective coating which then generates a protective barrier against atmospheric agents and UV rays. Spike or ground fixing base in AISI 316 stainless steel. PMMA opal diffuser screen. No visible screws.
